Olympic, Damaged in Collision

STEAMER OLYMPIC. Largest steamship in the world, in collision with British cruiser of 4,000 tons.

CRUISER RAMS LINER OLYMPIC

Continued from First Page.

The ship was on the starboard quarter when it was further damaged. There was a momentary feeling of danger among the passengers, and some of the women screamed aloud in their terror, but their fears were soon quieted.

The heavy steel plates of the vessel's bows were crushed and crumpled to the water line. After standing by at anchor until the Olympic was out of danger, the Haverford proceeded slowly under steam toward the Portsmouth Navy Yard.

No danger had the Olympic remained long into the night, they might have been under way. The injured bows were patched as best they could under the conditions and the captain gave orders for her to get under way and sail on at 10 o'clock for Southampton.

Has 100-Ton Rudder.

The Olympic was launched October 20 at the Belfast shipyards. The occasion was a notable event and was made the signal for a gathering of many prominent persons.

The ship's rudder is a single piece of steel, 100 tons in weight, and is the largest rudder ever built. It is a single piece of steel, 100 tons in weight, and is the largest rudder ever built.

Until a short time ago, scarcely one person in a thousand had ever tasted a really good soda cracker—as it came fresh and crisp from the oven.

Now every man, woman and child in these United States can know and enjoy the crisp goodness of fresh baked soda crackers without going to the baker's oven.

Unedda Biscuit bring the bakery to you.

Millions of people know these perfect Soda Crackers in their original goodness. More millions will enjoy them daily when once they know how good they are.

A food to live on. Stamina for workers. Strength for the delicate. Bone and flesh for little folks.

It will cost you just 5 cents to try Unedda Biscuit. Never sold in bulk, always in the moisture proof package.

TAFT IS GUEST OF MARQUETTE

MARQUETTE, Mich., Sept. 20.—Ten thousand persons greeted President Taft when he appeared to-day after a good night's rest, almost the first he has had since the beginning of the present trip at the home of Allen T. Roberts. The program began to-day with an automobile trip to Pictured Rocks, a natural park (City edition, with photo, page 1.)

the government several years ago. More than 100 automobiles were in the president's escort. All industries in Marquette suspended operations for the day and even brass bands within twenty miles were commandeered for the occasion.

It was a relief for the President, so far as speech-making was concerned, as speeches were on the card instead of the average of four and a half a day. Great throngs came into town from outlying places to join in the welcome.

trains were jammed. On the drive through the streets the President was heartily greeted. Senator Townsend of Michigan accompanied the President in his automobile. Mr. Taft made his first speech of the day at the Auditorium and later spoke at a junction.

Reciprocity Campaign Closes in Canada; Laurier Picked to Win Election by Big Majority.

OTTAWA, Ont., Sept. 20.—(Timesman's) battle of the nations will be a direct line-up between the farmers and the city dwellers of Canada. The rural population has aligned itself with Sir Wilfrid Laurier and the capitalists making their fight in the reciprocity issue, whereas the anti-reciprocity forces are deserting their allegiance to the cities which are the seats of manufactures.

Heavy fighting is going on throughout the Dominion and looks as being made in all the principal cities. Liberal headquarters, however, are confident that the anti-reciprocity forces, with only an average of 3 to 1 today.

According to the best information, Liberal leaders who have their headquarters upon the lower figures, the anti-reciprocity element will have a majority of 25 to 30 in the House of Commons.

ENGLISH OPINION ON W. R. HEARST'S RECIPROCITY VIEWS

LONDON, Sept. 20.—Conflicting opinions are expressed in the English press regarding the statement in the Weekly Herald, regarding the attitude made upon his part by the editor of the Canadian reciprocity, outlining the political bias of the newspaper.

The London Times, in its editorial, says that the statement is a "very good example of the kind of thing that the Canadian press is capable of doing."

Light can't spoil Schlitz in Brown Bottles

It is not enough to make pure beer, it must be kept pure until it is poured into your glass. Beer is a saccharine product. The slightest taint of impurity injures its healthfulness. Light starts decay even in pure beer. Dark glass, the scientists say, gives protection against light. Purity above everything else distinguishes Schlitz beer from common beer.

We use the costliest materials—we age Schlitz for months to prevent biliousness—it will not ferment in your stomach.

Schlitz is sent to you in Brown Bottles, thus protecting Schlitz purity from the brewery to your glass.

Without all these precautions no beer can be healthful, and who knowingly would drink beer that was not?

If you knew what we know about beer, you would say, "Schlitz—Schlitz in Brown Bottles."

See that crown or cork is branded "Schlitz."

NELSON WINS FROM
NIXON IN ROUGH
BATTLE AT ARMOYR

Nelson Declared Winner Over Nixon in 10th Round

By F. M. SMITH.

Battling Nelson is coming back. The English fighter won a decisive victory in his tenth round over the American boxer, Billy Nixon, in a rough battle at Armoyr. Nelson, who was declared winner, was seen to be in better shape than Nixon, who was seen to be in worse shape. Nelson's victory was a surprise to many, as Nixon was considered the favorite. The fight was a close one, with both boxers showing great skill and determination. Nelson's victory was a testament to his skill and endurance.

Spelled Defeat.

According to all boxing rules, Nelson should have been declared the winner. The referee, who was seen to be in better shape than Nixon, declared Nelson the winner. Nelson's victory was a surprise to many, as Nixon was considered the favorite. The fight was a close one, with both boxers showing great skill and determination. Nelson's victory was a testament to his skill and endurance.

GIANTS TO RELY ON CHIEF MEYERS

Today's article is the seventh published in this city's AMERICAN, dealing with the players who may figure in the world's series, by R. W. Lardner. See will appear each day.

By R. W. LARDNER.

Catchers who can hit are rare things to have on one's ball club. Catchers who can hit and catch are even rarer. The New York Giants are very fortunate in having a catcher who can do both. The Giants' catcher, Chief Meyers, is a big, powerful player who can hit and catch. He is a valuable asset to the team.

Anty Drudge Advises the Commuter.
Mr. Salsburgh: "Mused my train! And not another one for an hour!"
Anty Drudge: "That's too bad. What was the matter? Clock stopped?"
Mr. Salsburgh: "No. It's the same thing every morning. I never can get my breakfast till the last minute. Washboilers on the range and no room to cook breakfast."
Anty Drudge: "How silly. Tell your wife to use Fels-Naphtha. Then she won't have any use for a washboiler. She should only rub the clothes with Fels-Naphtha and soak them in a tub of cold or lukewarm water."

When you take medicine you go by the directions, don't you?

Well, that is just the way we want you to use Fels-Naphtha soap—according to directions on the wrapper. You don't expect medicine to cure unless taken rightly, and you shouldn't expect Fels-Naphtha to do everything claimed for it unless used in the way it is meant to be used. Given a chance, it will cure your wash-day ills.

Here is a prescription in the case of white clothes: Soap the clothes with Fels-Naphtha, roll, soak in cold or lukewarm water 30 minutes, rub lightly, rinse and hang on the line. That's all. By all means don't boil the clothes or use hot water. Fels-Naphtha was made to save you from the trouble of boiling, heating water and rubbing hard.

For washing colored clothes, flannels, and many other uses of Fels-Naphtha, directions are printed on the red and green wrapper.
